

Dedication To Tom Foster

Tom Foster's love for the Windsor Fair began at just 10 years old, showing cattle on the fairgrounds. Growing up on a dairy farm, agriculture was more than a way of life for Tom - it was a passion that shaped his character and future.

After graduating from the University of Maine with a B.S. in Animal Science and Biology, Tom was eager to combine his academic knowledge with the hands-on experience he gained as a child. In 1969, at the age of 23, Tom was elected as a Trustee of the Windsor Fair. Over the years, he held several roles, ultimately serving as President - a position he held with dedication and distinction for 32 years.

During Tom's tenure, his unwavering love of farming and steadfast promotion of agriculture were always at the forefront of his leadership, perfectly aligned with the mission of the Windsor Fair. Under his guidance, the fair flourished, growing to become the second largest in the State of Maine and earning a reputation as a true family event that brings the community together.

Tom's lifelong commitment and exceptional contributions to Maine's agricultural community were recognized with the Catherine L. Damren Distinguished Service Award, an honor bestowed upon individuals who go above and beyond in supporting and promoting Maine's agricultural fairs.

PRESIDENT'S MESSAGE 2026

As President of the Windsor Fair, it is my pleasure to welcome you to the 2026 Windsor Fair. This year is especially meaningful as our nation celebrates America's 250th Anniversary — a reminder of the traditions, values, and agricultural heritage that helped shape our country. For generations, Windsor Fair has proudly carried on those traditions while bringing families and communities together.

We continue to make important improvements across our fairgrounds, including renovations to our restroom facilities and other upgrades designed to improve the experience for our fairgoers, exhibitors, volunteers, and participants.

We are also excited to present one of our strongest entertainment lineups in recent years, featuring Nashville country music star Chris Cagle along with a packed schedule of talented regional and local entertainers throughout the week.

While we continue to enhance our entertainment and events, agriculture will always remain at the heart of Windsor Fair. We are especially pleased to share encouraging news regarding the proposed Windsor Agricultural Education Center. Earlier this year, Windsor Agricultural Education Inc., a 501(c)(3) organization, submitted a federal appropriations request in support of the project. Senator Susan Collins has included the Agricultural Education Center in her recommended appropriations requests — an important step forward in creating a year-round facility dedicated to agricultural education, youth learning, and supporting Maine's farming future.

Although the project has not yet received final federal funding, this marks a meaningful milestone in the process. We are grateful to Senator Collins and her team for recognizing the importance of Maine agriculture, rural communities, and the next generation of farmers.

On behalf of the entire Windsor Fair Association, thank you to our volunteers, exhibitors, sponsors, fair staff, and loyal fairgoers for your continued support. We look forward to welcoming you to another memorable Windsor Fair.

Sincerely,
Daniel Foster
President, Windsor Fair

GENERAL RULES PERTAINING TO WINDSOR FAIR
NO DOGS ALLOWED, NO ALCOHOL, NO WEAPONS, NO FIREWORKS

CAMPING

Dennis Strout, Sue Strout - 446-6461

Increasing numbers of campers, camp trailers and tents make it necessary to establish regulations pertaining to them. No inside camping will be allowed except by those who have livestock being exhibited and assigned stalls at Windsor Fair. All people with livestock (except racehorses) must register with Carol Davis, Dana Prime, or Greg Baker.

Any camping unit without a properly assigned sticker will be removed. People who do not come under the above categories may apply for space for a camper at the camping office in the North parking lot. The fairgrounds are closed to the public from midnight until 7:00 A.M. daily.

AWARD COMMITTEES

Award Committees will not award premiums unless the animal or article is worthy of it, and where there is no competition may withhold the first, and award second or third according to the merit of the exhibit.

Award Committees are instructed to recommend gratuities on any exhibit of special merit, not named in the list, which will be paid approved by the Trustees, and the funds of the Society will permit. When two or more exhibits in the hall, of the same class, are so evenly balanced that the committee is unable to decide which is the best, the manner in which it is shown may be considered and the preference given to that which is displayed in the most tasteful and attractive manner.

Members of the Award Committee will be given tickets (on day of service only). All regular officers of the Society, employees, exhibitors of livestock, owners of racehorses, drivers and grooms, may be issued free tickets.

No interference with any judges, State Veterinarian or State Official will be allowed when these officials are discharging their duties. Any interference by the exhibitor or their attendants shall make these exhibitors liable to be suspended from the privileges of this Fair, by the Livestock Superintendents and forfeit all prize money. This will be enforced in both Open and youth classes.

Health Requirements: Livestock and poultry offered for show or exhibition shall be free from signs of infectious or contagious disease. In addition, all livestock and poultry originating outside the State of Maine must meet requirements for entry into the State. (Permits are required to import cattle, sheep, goats, swine, hatching eggs and poultry. Equines must have an official certificate of negative six-month Coggins test. For details contact interstate clerk at (207)287-3701. Failure to comply with these State regulations may result in exclusion or expulsion from the show or such other action as the Director of the Division of Poultry and Livestock Production may direct.

In spite of efforts by the Department of Agriculture and the fair officials, and the expertise of exhibitors, the potential for exposure to disease exists. Therefore, it is strongly recommended that exhibitors protect their flocks and herds by (1) appropriate vaccinations of show stock against contagious diseases under supervision of a veterinarian and (2) an isolation period before re-introduction to the home flock or herd.

In addition to the general requirements the following specific requirements will be enforced:

Cattle - warts will be classified as an infectious disease.

Horses - The Commissioner shall require a negative Coggins test, taken within 36 months, on all horses raced, exhibited, or stabled on racetracks or fairgrounds where other horses are being raced, exhibited or stabled.

The person or persons in charge of race meets, exhibitions, stables on racetracks or fairgrounds where horses are being raced, exhibited, or stabled shall ascertain that a copy of the official test accompanies each equine, and such reports shall be available for inspection by an agent of the Commissioner of Agriculture upon request. Failure to furnish such reports shall exclude equines from events.

Swine - Swine originating in Maine shall be from herds having an official State of Maine validation. Breeding stock six months old or older must be on record as having an official State of Maine validation. Breeding stock six months old or older must be on record for having been tested for the current validation period or, if purchased by owner after regular test, being tested as for import into Maine.

Market hogs and feeder pigs, since they are usually six months and under, need not be tested if originating on the owner's farm from validated stock. All swine must be permanently identified.

Poultry - All poultry shall originate from flocks that have an official Pullorum-typhoid clean rating.

Hand washing stations are provided in the livestock area and their use is recommended for your protection.

Farmers Steer & Ox Pulling Rules

1. All teams are required to weigh in prior to the official start of the farmers pull. At which time, teamsters must show **provide a hard copy of liability insurance of no less than \$1,000,000 (naming Windsor Fair as an additional insured).**
2. Breakdown of weight classes will be determined by the superintendent of the pull. There will be a minimum weight of 700 lbs. per team. (A suggestion is to ideally have 3 classes) Percentage of load to be determined by the superintendent, however the weight of the drag is to be included.
3. All teams and teamsters must be ready at the announced time of the event. All classes are officially closed ½ hour before published pull time.

4. There will be light use of stick to get teams started. When turning, a light use of the stick will be allowed. A light stick may be used if resting animals need to be prompted to restart. There will be light use of the stick during the actual pulling process.
5. A goad stick has to be wooden only. They need to be no longer than 4 feet long and ½ inch in diameter on the small end of the stick. The stick may be tapered. No weighted sticks allowed. Chains must cover up to the hook.
6. Teamsters may have one helper to hook the chain onto the drag. The helper may follow behind the drag. The helper is not allowed to have a stick. The helper must remain quiet during the pull.
7. Teams must remain hooked to the drag at all times. If unhooked intentionally, then the team will be pinned at that spot. That is a completed pull.
8. Time is to be limited to 3 minutes. Time will start when drag is moved.
9. When measuring, it must be in a straight line to the nearest point on the drag. The front of the drag must touch the line before making a turn. The drag must be turned more than ½ way or the back of the drag must be over the line to get a full-line measure.
10. If a breakdown occurs, the teamster may take the distance they have pulled thus far, or they may go to the end of the line and have a second try.
11. All teamsters are required to be dressed appropriately. They have to use proper language at all times. Any participant under the influence of alcohol or other substances will be disqualified. There is no drinking of any alcohol in or around the ring by any participant of the event.
12. Any animal that the superintendent feels are too thin or seem dehydrated will be disqualified. Animals with open sores or if they are lame will also be disqualified.
13. Any participants in the farmers pull must be show steers and oxen. Show steer or oxen are considered those that do farmer pulls only. Open teamsters or their teams are not allowed to pull in an open pull for a full calendar year (Jan. 1 to Dec. 31) before entering a farmer's pull. (Note: Open powder puff pulls, and open youth class pulls are considered open pulling). **No open pulled teams or teamsters will be allowed to participate in the farmers pulls.**
14. The 25-foot rule will be in effect. Must pull 25 feet in one minute.
15. Men, woman and youth (no younger than 9 years of age as of January 1st of current year) will be eligible to pull in the farmers pull.
16. There will be no halters, or ropes allowed on the steers or oxen in the ring.
17. Running with a team will not be permitted.
18. Cattle should be clean and presentable.
19. **Anyone** who does not abide by these rules will be disqualified.

FIRST SATURDAY OF THE FAIR

RULES and REGULATIONS

Based on the Rules and of the GPC (Great Pumpkin Commonwealth). Fruit shall be grown in the State of Maine.

Pumpkin/squash must be grown and cared for by the exhibitor.

Exhibitor can only enter one specimen per class and there can be no more than three entries per family or household per division.

Specimens must be sound healthy and undamaged. Entries must be free of rot, chemical residue (fungicides, holes/cracks through to the cavity and serious soft spots). This is a subjective matter for the judges to decide. We include the term “serious” before soft spots; because some pumpkins will exhibit minor soft spots which in no way compromises the soundness of the pumpkin.

No foreign material is permitted to be included in the weighing. The vine must be trimmed to one inch from the stem of the fruit. The judges reserve the right to fully inspect each specimen before the weigh-in. Refusal to allow the inspection of the entry will cause said entry to be disqualified.

Competition will consist of two divisions: (a) adult; (b) children – 12 years and under, with three classes in each division:

CLASSES: 1) Giant Pumpkin – any fruit cream, yellow-to-orange in color.

2) Giant Squash – any fruit green-to-gray in color.

3) Old-Fashion Jack-O-Lantern Pumpkin.

Fruit will be accepted on the first Saturday, August 29th from 9 AM to 10 AM at the Agricultural Tent.

Fruit will be weighed on the first Saturday, August 29th as they come in.

All entries must remain on exhibit for the duration of Windsor Fair and may be picked up on Labor Day between 6:00 P.M. and 7:00 P.M.

Winner will be the biggest pumpkin or squash by natural weight.

All entries above 100 lbs. except Jack-O-Lanterns must arrive on a pallet for ease of handling for the Windsor Fair personnel.
